

Ability Beyond Boundaries

Building Pathways, Breaking Barriers

Premium catering with measurable social impact

Ability Beyond Boundaries (ABB) is an Australian not-for-profit organisation and registered NDIS provider delivering structured training and employment pathways for women from Persian-speaking refugee and migrant backgrounds and people with disability (PWD). ABB is an endorsed Deductible Gift Recipient (DGR).

Established in 2024 as its social enterprise arm, the Persian culinary service translates this mission into practical workforce participation through structured catering solutions with demonstrated operational capacity.

The enterprise has successfully delivered catering across Sydney, demonstrating operational stability and consistent quality standards. Partnerships continue to expand across diverse sectors.

Operational Capacity and Measurable Impact

In 2025, over \$80,000 in paid employment income was delivered to women from refugee and migrant backgrounds, including women living with disability, reflecting growing capacity to create sustainable employment pathways.

Each engagement supports supervised employment, structured skills development and meaningful workforce participation within a compliant and professionally managed environment.

Culinary Standards and Operational Discipline

The service specialises in refined Persian cuisine adapted for contemporary Australian settings. Meals are freshly prepared, consistently portioned and professionally presented to meet high service standards.

All food handling staff hold required food safety certifications and undertake ongoing training in hygiene, safe handling and workplace health and safety. Production operates under documented workflows and quality control procedures to ensure reliability, consistency and quality assurance.

Sustainability and Responsible Practice

Biodegradable and environmentally responsible packaging is utilised to minimise environmental impact while maintaining food safety and presentation integrity.

This approach aligns with responsible procurement and sustainability objectives increasingly prioritised by organisations and institutions.

Governance and Compliance

Appropriate public liability insurance is maintained, and operations are conducted under documented compliance, risk management and governance frameworks aligned with Australian regulatory standards.

Why Partner With ABB

Partnering with ABB provides organisations with reliable catering services while contributing to measurable employment outcomes and socially responsible procurement practices.

Voluntary donations made beyond contracted catering services are tax-deductible in Australia under endorsed Deductible Gift Recipient (DGR) status.

The enterprise delivers operational discipline and measurable social impact with environmental responsibility and uncompromised quality.
